RECIPROCITY IS DEAD

BEET SUGAR FORCES
SURE OF WINNING

Senators Refuse to Yield and Threaten to Talk the Bill to Death if It Is Brought Up—
Extra Session.

Washington, May 19.—The program of the beet sugar Senators was definitely and decisively stated by Senator Quarles of Wisconsin this afternoon in the following language:

"When the Senate passes the Philippine civil government bill, which it will do about the first of June, it will take up the isthmian canal bills, pass one of them and then adjourn."

"Will not a Cuban reciprocity bill be passed?"

"No; there will be no Cuban reciprocity legislation."

"Then there will be an extra session of Congress?" was suggested.

"That threat by the President is not taken seriously," said Senator Quarles. Quarles speaks for the Senators of both parties who are opposed to the President's Cuban reciprocity program. He believes that a majority of the Senate is organized to encompass the defeat of reciprocity.

Senator Teller today served notice on Senator Platt of Connecticut that there will be a very long debate on the Cuban reciprocity bill if it should be brought up in the Senate—so long that importers can order sugar cargoes from Java and land them in New York before the Cuban bill becomes a law. As it takes at least sixty days for cargoes to come from Java to the United States, Senator Teller's statement amounts practically to notice that Congress may be in session when the first of next September comes around if the Cuban business is insisted upon by the reciprocity Republicans. These Senators recognize, although they will not admit it, that they are confronted by a compact, aggressive and probably successful organization. Their only alternative at the present time is to prolong the debate upon the Philippine civil government bill in the hope that something may turn up between now and the 1st of June which will enable them to improve their position.

OIL BURNER NEBRASKAN LAUNCHED AT CAMDEN

Camden, N. J., May 19.—The steamship Nebraska, which was built at the yards of the New York Shipbuilding Company, was launched today. Mrs. Henry G. Morse, wife of the president of the company, christened her. She is 271 feet long, and her tonnage is 5300 tons. She is an oil-burning steamship, the pioneer of a number of vessels to follow, which will be independent of coal as fuel.

All of the big steamships of the American-Hawaiian line are to be converted into oil burners, the company having reached the conclusion that oil will be as good as coal and only half as expensive. The Nebraska will trade between Philadelphia, New York, San Francisco and the Hawaiian Islands. A tank vessel loaded with fuel oil is to be stationed in the straits of Magellan, from which passing steamships of the line can secure a fresh supply.

ATHLETIC EXHIBITION

BOXING, FENCING AND
WRESTLING INCLUDED

Plan of Honolulu Athletic Club—
Committee of Organization Now
Making Arrangements.

A committee of the Honolulu Athletic Club is at present busy making arrangements for an elaborate athletic exhibition to be given in the Opera House on the evening of the Eleventh of June. The exhibition will include boxing, wrestling and fencing matches. While the program is not entirely arranged, it is known that the committee is putting forth its best efforts to make the exhibition an interesting and well conducted show of gentlemanly sport.

One item, probably the star number of the program, will be a ten-round bout between Lon Agnew and Jack Weeday. Both these men are at present putting in some hard work training for the event, Agnew at the quarters of the Honolulu Athletic Club and Weeday at Long Branch in Waikiki.

The Opera House has already been secured for the evening and tickets for the event will probably be put on sale at Wall, Nichols Co. during the course of the coming week.

The Honolulu Athletic Club is at present doing great work to help along sports in this city. It has just carried the tug-of-war tournament through and now turns its attention towards the turbulence of clean, athletic boxing, fencing and wrestling.

Honolulu has for a long time had a reputation for "fake" shows in this line of sports which has done much to make them unpopular.

A good sportsmanlike exhibition conducted in a gentlemanly manner under the auspices of a responsible club will undoubtedly prove a great attraction to the sporting fraternity, which has long been tired of paying good money for shows of no value whatever.

LOCAL AND GENERAL

New York, May 21.—Sugar—Raw, steady; fair refining, 2 7/8c; centrifugal, 95 test, 3 7/16c; molasses sugar, 2 5/8c.

Don't forget Camarinos of the California Fruit Market when you want fruit and vegetables. He always has on hand a fresh supply of both California and Island fruits. Telephone Main 373.

The next meeting of the Honolulu Engineering Association will be held in room 3 of the Y. M. C. A. building at 7:30 o'clock, Monday, June 2, 1922. All those interested are cordially invited to attend.

The band serenaded Bishop and Mrs. Willis at the home of Mr. and Mrs. Henry Smith this morning. An excellent program had been arranged. Captain Berger announced that he had appeared on the scene with his boys to play a farewell concert to the Bishop and his wife.

In the finals of the ladies' doubles in tennis yesterday afternoon, Miss Horner and Miss Ward defeated Mrs. A. M. Brown and Mrs. S. G. Wilder, the score being 6-1, 6-2, 6-3. The final point was the most hotly contested of the whole match, the rally lasting for at least twelve returns back and forth. Miss Horner and Miss Ward are of the Beretania Tennis Club.

Among the returning kamaeinas in the Ventura today were: Mr. and Mrs. Wm. G. Irwin and Miss Irwin, Mrs. George C. Beckley, Miss J. C. Carter, George R. Carter, Mrs. P. A. Dias, H. P. Eakin, Mr. and Mrs. Thos. Fitch, Miss E. Gay, L. S. Greenwell, R. N. Halstead, Mr. and Mrs. C. C. von Himm, W. L. Howard, C. Freitas, Mrs. Ivers, Miss G. Benton, A. H. P. Binton, R. Spaulding and L. A. Thurston.

The Catholic Cathedral was packed this morning on the occasion of the high requiem mass held at 9 o'clock. The Bishop of Honolulu officiated. Fathers Matthias and Stephen, deacon and sub-deacon, assisting. The front pews were occupied by members of the Consular corps. The French and Portuguese Consuls and Col. and Mrs. Girard were present. The sisters of the convent and the brothers of St. Louis College occupied their usual places. The cathedral was decorated in blank.

In the Police Court this forenoon, Manuel Viera was fined \$6 and costs on the charge of drunkenness. The first charge against the fellow was that of common nuisance, he having used very offensive language to a lady on one of the electric cars yesterday. The defendant said that he might have used the language of which he was accused, but that he was drunk at the time and could not tell. On this showing, the prosecution asked that the charge be changed. The case being a very bad one, the fine indicated was imposed.

John Rothwell, apparently a sailor, appeared in the Police Court this forenoon on the charge of malicious injury. He pleaded guilty, but the case being one for commitment, the defendant was sent up to the Circuit Court. On Monday night last, Rothwell took P. A. Schaefer's carriage from the vicinity of the Opera House while Mr. and Mrs. Schaefer were in attendance at the farewell performance of the Ward company. He drove all over the city and was later on caught by Frank Armstrong. He was intoxicated at the time.

RESEARCH CLUB

The Young Men's Research Club held a well attended and exceedingly interesting meeting last night. The subject of the evening was the discussion of registering and insuring bibles. Mr. Weaver discussed the system now in use here, which is to make the title pass with the delivery of the deed and the registration simply an evidence of title.

He ably set forth the evident shortcomings of this system and cited numerous examples to show how impractical it was. He then discussed the advantages which would be had should a new system be used showing how the cost of an examination of title would be reduced to about one-tenth of its present cost.

The easiest solution of the question would be to use certificates of title issued from the office of the registrar of deeds in the same manner as is used by corporations in the sale of their certificates of stock.

Deputy Registrar C. H. Merriam spoke next on the advantages of the Torrens system, with which he had become familiar in Massachusetts.

This led to George B. McClellan making the motion that a committee of five be appointed to investigate the systems in use in the United States and report to the fall meeting of the club. The motion was carried.

The object is to present the results of this investigation to the next Legislature with a view of having reforms carried out here.

The next meeting of the club will take place in two weeks. The speaker will be Mr. W. O. Smith, who will speak on the proper form of municipal government for this city.

Husband (anxiously)—You should not carry your pocketbook in your hands.

Wife (treasurously)—Oh, it isn't at all heavy.—EX.

Statistics show that one out of every twenty-two Danish emigrants to the United States becomes a Mormon.
